Statement:

A surrendered act:
technique and chance;
collage and scribble;
balance of dream with reality;
chaos with control.
A good dose of art history offers
wander to build upon
abstracting the past: slowly conversing;
woven scraps of lucid visions;

salted with cultures from travel.
Much work is figural: tappin the nerve,
drawing out the soul, revealing its state.
Embracing certain tendancies and trusting the intuitions
will seep together eventually; accepting weakness as strength.
A goal is for my work to collectively depict truth;
to break down apathy in midst of a generation rattled steep
between addiction, depression, destruction
to healing, redemption and grace.
